

ANNUAL VITAL STATISTICAL REPORT

2021

West Bengal

Based on Civil Registration System Data

Annual Report on the working of the Registration of Births and Deaths Act, 1969 for the year 2021 of West Bengal.

Introduction :

The Registration of Births and Deaths Act, 1969 was enacted to establish a sound civil registration system throughout the country and to implement the Act in the State, West Bengal Registration of Births and Deaths Rules, 1972 was framed and notified in the State Gazette with effect from 15th January 1977. In the light of Revamped System of Births and Deaths, the West Bengal Registration of Births and Deaths Rules 2000 has been introduced in place of State Rule'72 with effect from September 2000 bearing Notification No. H/FW/779/1A-7/2000. Efforts have been made for development of registration units of West Bengal for computerization.

Annual Vital Statistical Report, West Bengal for the year 2021 has been prepared in pursuance of Sub-section (2) of Section 19 of RBD Act'69 read with WBRBD Rules, 2000.

This report depicts a picture of Civil Registration activities of West Bengal.

1. Brief description of the State, its boundaries and revenue districts.

The State of West Bengal is situated in the eastern part of India and is surrounded by the Himalayan Range, Bhutan and Sikkim on the north, Assam on the north-east, Bangladesh on the east, Bay of Bengal on the south, Orissa on South-west and Bihar on the west. It extends roughly from 21° 33' north latitude in the south to 27° 14' north latitude in the north and from 86° 35' east longitude in the west to about 89° 53' east longitude in the east. The State comprises twenty three districts of which Kolkata is the capital. The State is divided into five administrative divisions, namely, the Jalpaiguri, Malda, Barddhaman, Presidency, and Medinipur having five districts each in Jalpaiguri, Presidency and Medinipur division and four districts in Barddhaman and Malda Divisions.

2. Changes in administrative area.

Four districts namely Jhargram, Kalimpong, Purba Barddhaman and Paschim Barddhaman have started functioning since 2017. The Annual Vital Statistical Report 2021 has been prepared taking into account of those districts also.

3 Registration Units.

With a view to generating public awareness in the rural areas the entire responsibility of registration of births and deaths has been entrusted with the Prodhans of the Gram Panchayats functioning as Sub-Registrars and Block Medical officers of Health functioning as Registrars of the Blocks vide Section 7(5) of the R.B.D. Act,'69 in terms of Govt. Notification No. HF/O/FW/4/947/174/70/1(6) dt. 19.5.97.

At present there are 3958 registration units in West Bengal, out of which 3695 units are in Rural Area and 263 units are in Urban Area. Annual Reports have been submitted by 3695 Registration Units of Rural Area and 262 Registration Units of Urban Area.

4. **Change in Registration area.**

There has been no change in registration area.

5. **Administrative set up of the Registration machinery at various levels.**

State Level : Chief Registrar (Director of Health Services, West Bengal)
Deputy Chief Registrar
(Director, State Bureau of Health Intelligence, West Bengal)

District Level /Sub-divisional Level/Block Level:

At present, the Government Hospitals upto Rural Hospitals (RH) / Block Primary Health Centres (BPHC) are declared as Registration Units.

6. **General response towards this Act.**

With the implementation of the R.B.D. Act'69 and the State Rules thereof, the work of Civil Registration is now being governed according to the different provisions of the said Act and Rules. As such some statutory responsibilities have been assigned to the public for reporting of the vital event. Until and unless the public could be made fully aware of their legal

responsibilities and of the opportunity to avail of social and administrative benefits originating from civil registration, cent percent registration could not be attained.

All the Health Workers at the grass root level are being trained up to collect information on births and deaths occurring in house, from the household concerned in statutory forms and to make them aware of their legal responsibilities. Involvement of the Gram Panchayats in the civil registration system is a good step-forward in this respect to ensure cent percent registration in the rural area.

7. Notification of births and deaths.

The Health Assistants (male and female), attached to Sub-centers covering 5000 population each, in general or 3000 in Tribal/Hill areas have been entrusted with the job of collecting reports of domiciliary vital events in the rural areas from the heads of households in form nos. 1, 2 and 3 prescribed after the implementation of Revamped System under the W.B.R.B.D. Rules, 2000, bearing notification No :- H/FW/779/IA-7/2000 dt. 20.09.2000.

The Revamped System of Civil Registration of Births & Deaths with the prior approval of the Registrar General of India has already been introduced in West Bengal to obtain optimum efficiency.

8. Progress in the Medical Certification of Cause of Death.

The scheme of Medical Certification of Cause of Death emanates from the provision of Sec.10 (3) of R.B.D. Act, 1969. It provides reliable data for compilation of cause of death. As such the scheme has been implemented in all government medical institutions. The compilation of MCCD reports for the year 2021 is in progress.

A new software has been developed with which online data entry of Form 4 has been done by the medical institutions (above the rank of BPHC) and the report is generated centrally. Hands-on training in the software has already been imparted to most of the Medical Institutions (above the rank of BPHC) in the districts .

9. Maintenance of records.

All information in form Nos. 1, 2 and 3 of the Legal part prescribed in the Revamped System of Births and Deaths under the W.B.R.B.D. Rules, 2000, received by the Registrar of Births and Deaths under section 8 & 9 and the certificates as to the cause of death furnished under Sub Section (3) of Section 10 of the Act are retained in case of rural areas by the Sub-Registrar in possession for a period of twelve months after the end of calendar year to which it relates and thereafter these records are transferred for safe custody through the local Registrars i.e. 2nd MO of BPHCs to the district Record Room under the control of the District Registrar of Births and Deaths and in cases of urban and special areas, the records connected with Civil Registration are kept by the Local Registrar under the custody of the Chairman/Mayor/Administrative Officer/Executive Officer of the respective urban and special areas and Cantonments. After implementation of Online Software for generation of Births & Deaths Certificates, the scanned images of the relevant documents have been uploaded in the CRS Online Portal during the generation of the certificates.

10. Re-orientation Training of C.R Functionaries.

As the Civil Registration Work is governed under the Central Act and State Rules thereof, the concerned functionaries need to be trained periodically and such reorientation training programme are being conducted by the Dy. Chief Registrar of Births & Deaths. In this year trainings were imparted as and when required. After engagement of DPAs and DEOs on contractual basis, 13 trainings were arranged.

11. Performance of Civil Registration in West Bengal during the year 2021.

VITAL EVENTS							
Birth				Still Birth			
Area	Male	Female	Total	Area	Male	Female	Total
Rural	391537	373929	765466	Rural	1581	1186	2767
Urban	429668	402133	831801	Urban	4765	4291	9056
Total	821205	776062	1597267	Total	6346	5477	11823

Death				Infant Death			
Area	Male	Female	Total	Area	Male	Female	Total
Rural	259801	178957	438758	Rural	818	675	1493
Urban	152444	102248	254692	Urban	4989	3754	8743
Total	412245	281205	693450	Total	5807	4429	10236

12. Performance Indicators under Civil Registration in West Bengal during the year, 2021.

Reporting Efficiency (%)			Recording Efficiency (%)	
Rural	Urban	Total	Birth	Death
100	100	100	112.07	134.53

N.B. : I) Reporting efficiency means percentage of Vital Statistics reports received from Registration Centres.

II) Recording efficiency is measured by comparing the registered events with those Estimated by Sample Registration System (SRS).

13. Prosecutions and compounding offences.

No such cases were reported during the year under report.

14. Difficulties encountered in implementing the Act.

(i) Administrative:

As such there is no difficulty in implementation of the act at field level. However, there are 196 Registration Units (Hospitals) functioning without CRS DEOs.

(ii) Others :

As per section 8(1)(a) of the RBD Act'69 the public has been made responsible to give report of all births and deaths occurring in a house within the stipulated time limit. As such extensive publicity measures are required to be adopted from time to time for the awareness of the people for reporting of all vital events.

Fund for awareness generation to the citizen may be considered to achieve 100% registration.

General remarks

For full coverage of C.R. Work as per provisions of Act & Rules, the following points need to be considered.

- (a) Awareness training on C.R.S. should be given to all Anganwari Workers and their helpers. A.W.W Supervisors, C.H.G's, A.S.H.A., DAIS and 2nd ANMs for effective performance of 100% coverage of CRS. Necessary funds may be allotted for the awareness generation.
- (b) Introduction of grant of awards as incentive for good performance of the registration centers need to be implemented.
- (c) Provision may be provided in CRS Online Software to get permanent resident-Sub-district-wise information in respect of Births.
- (d) Arrangement for posting of full time data entry operators in each registration centre specially for C.R. work need to be made for full coverage of work thereof.
- (e) 20 no. of DPAs and 328 no. of DEOs are contractually engaged at several districts during the year 2021. However, there are 196 Government Hospitals has no DEO engaged.
